Governor - I just received via phone messages that you had called in regards to Annette Kreutzer's contact on your state blackberry. Annette's number as listed 465-5670 is her direct line - when she is not available I think Sunny probably answers for her. Also, the commissioner only just started carrying a cell phone and the number has been given to you and Mike only. The mail box has not been set up on it yet. Thanks, Janice

Dear Governor Palin,

I have asked my staff to do everything they properly can to expedite to process to obtain counsel for you. They are examining whether it is possible to get this list to you before Thursday.

You probably already know, but at lunch Mr. Katz announced to me that he and Sheri(sp?) (who was also at the lunch) were just married yesterday in Anchorage. They had been together for twenty two years and he wanted to be married here rather than in DC.

Very, very concerning the "untruths" coming from them. I am dumbfounded at this, as I have never worked in an organization where these unethical practices seem to go ignored and unanswered. The lack of accountability is appalling in all of this. It is so concerning, the damage that is being done and the public trust that is eroding, that we need to gather as much information as possible, including FOIA-ing emails, tapes, communications in all forms, regarding the untruthful information being spread to the public.

It is appalling to see and hear the untruths being spewed about the DPS budget and contract results... especially in light of how hard you all worked to increase funds and provide tools that DPS claimed they needed to do their job. Your recent op-ed was great but seems to have been overlooked by some.

There are continual untrue claims about what we "did to the union", and this is unfair to you, to the whole administration, and most importantly to all Alaskans who desire and deserve truth. Please share your ideas on how we can get the truth out there so attacks on your work product and our commitment to public safety can be countered with the truth. Thank you

America, the Burdened

By Tom Donohue, President and CEO

Congress may be in the middle of a month-long recess, many Washingtonians may have fled the sweltering weather for friendlier climes, and the town may have slowed to a crawl, but nothing can stop the inexorable march of the nation's massive regulatory system.

A recent report from the Competitive Enterprise Institute reminds Americans of the tremendous toll taken by the regulatory state—some \$1.6 trillion annually. Anyone running a business needs no reminder. Tentacles of the regulatory beast reach into every aspect of business operations of firms both large and small.

The Coast Guard is suspending search efforts. They will follow up on new information, as it comes in, and they are encouraging all pilots in the area to remain vigilant in looking for evidence of a crash site. The search has been extensive, and thorough. All survival scenarios have been explored, and realistically ruled out. Most likely, they went down on a forested hillside, invisible from the air, and extremely remote from the ground.

We remain hopeful that they will be found someday to bring closure for their family and friends.

For us at DOR, we remember Brian as a good friend, an exceptional colleague, and just fun to be around. He will be greatly missed. Our thoughts and prayers go out to his family.

Jerry Burnett will be serving as acting Deputy Commissioner.

Steve:

I'm not copying Jill on this because I want you to have control of this e-mail.

Tonight's story at 5 was horrifying. To bring up a sensational murder and rape, to throw in Monegan, and then to talk about phantom budget cuts with no attribution was simply appalling to the governor, as well as to me.

9/18/2009

I e-mailed Jill twice on this point beforehand, but apparently it needs to be said over and over: The governor's office has done nothing. Nothing, nada, no way. There is no story here, at least as concerns us.

The personnel office within the Department of Administration sent out a message to every state department concerning non-permanent positions. My understanding is this is pretty much standard operating procedure, but in any case there was no effort to target a department, let alone a division within a department. This concerns all of state government, and is handled by Admin, not by the governor's office. By raising Monegan's firing in the intro, the obvious implication is that the governor has something to do with pending cuts in the cold case unit or elsewhere. (And what was meant by saying the troopers would learn their fate tomorrow? Says who?)

I pleaded with Jill to get her answers from the Department of Public Safety – it's their budget, after all – but all we saw was the union guy on the screen. If the acting commissioner and/or others are not commenting, then please say so. Don't leave the impression that the governor's office is stonewalling. This has nothing to do with us.

And it sure would be nice to know where all of this is coming from. Jill cited no sources for these alleged budget cuts.

I would like a response, please.

–Bill

We worked out a search process today that I believe should work for everyone. Basically it is as follows:

1. Branchflower does not get possession of any electronic device.
2. The agency performs the search and compiles a log of documents that are confidential.
3. Then Law reviews the remaining docs and compiles a log of docs that are privileged.
4. Branchflower gets the remaining docs and the two logs.

He indicated he has no intent to search personal e-mail accounts, but wants to use personal e-mail addresses as search terms for docs on state accounts but only if that person uses their personal e-mail address for official business.

We can discuss whenever convenient.

No worries about today's phone call.

Governor - This is the first that I have heard of this therefore, I just checked with the Governor's office computer folks and they went in on Monday, August 4th. They had coordinated with Susan from the house as Erika was not available at the time. They unhooked the bedroom computer and took it to copy the hard drive. It was then returned back to the house. All of staff computers that were needed were copied over the weekend. I was told that the department of law had asked for this. Janice

If anyone has an answer, pls let me know asap:

I understand that someone recently went to my Gov's House bedroom and to one of the House offices to get emails from computers - who, when, etc conducted this search of my bedroom's computer and the other house computer? And what were the reasons given and responses given to whomever must have officially entered the residence on whatever day it was that this occurred. Thank you

Governor,

It was only Kami Clark who went into the master bedroom and Todd's office and she was only at each of the desks to have access to the computers.

To transport them, one other person helped her, but she was the only IT staff to have access to the 2nd floor.

I would like to speak with someone regarding the rules that govern ASAA in regards to school athletics. There are some real inconsistencies in how these rules are followed and who is allowed to play and who is not. I understand that there needs to be some rules in place to keep students from jumping from school to school chasing a sports career, but there are major injustices in how the rules are written and being enforced.

Thank you for your time.

There are continual untrue claims about what we "did to the union", and this is unfair to you, to the whole administration, and most importantly to all Alaskans who desire and deserve truth. Governor,

Here are your remarks and event information for the Farm Family of the Year Award at the Alaska State Fair on Thursday evening. I will have the hard copy to you first thing tomorrow morning.

A few points to remember:

- Franci Havemeister will be presenting you, Todd, Bristol, Willow, Piper & Trig with "Alaska Grown" sweatshirts
- You and your family will wear the sweatshirts during the brief photo shoot you agreed to do last week (shoot will feature yourself and all present family members to promote agriculture in AK)
- Bob and Fair Security will meet you at the entrance to the North Yellow Parking Lot and escort you deep into the heart of the fairgrounds to the Eckert Memorial Garden
- Britta and I will be available to you during the event
- Lastly, I have included on the bottom half of your Agenda page optional statehood activities that are available to you to participate in, but that you are NOT confirmed for.

Please do not hesitate to contact me with any questions or concerns you may have. Thank you!

Your recent op-ed was great but seems to have been overlooked by some.

There are continual untrue claims about what we "did to the union", and this is unfair to you, to the whole administration, and most importantly to all Alaskans who desire and deserve truth. This is all unbelievable. I am thankful that Bill sent this. Don't know what else to say or do about any of the biased, unfair reports that are being fed to Alaskans. Tonight's "trooper cuts" stories take the cake.

Hopefully Karen and Annette can get the truth out there, and DPS personnel will participate in the truth-telling that Alaskans desire and deserve to hear.

Wonder where lewmakers are on this, as they approved the trooper increases we fought for.

Steve:

I'm not copying Jill on this because I want you to have control of this e-mail.

Tonight's story at 5 was horrifying. To bring up a sensational murder and rape, to throw in Monegen, and then to talk about phantom budget cuts with no attribution was simply appalling to the governor, as well as to me.

I e-mailed Jill twice on this point beforehand, but apparently it needs to be said over and over. The governor's office has done nothing. Nothing, nada, no way. There is no story here, at least as concerns us.

9/18/2009

The personnel office within the Department of Administration sent out a message to every state department concerning non-permanent positions. My understanding is this is pretty much standard operating procedure, but in any case there was no effort to target a department, let alone a division within a department. This concerns all of state government, and is handled by Admin, not by the governor's office. By raising Monegan's firing in the intro, the obvious implication is that the governor has something to do with pending cuts in the cold case unit or elsewhere. (And what was meant by saying the troopers would learn their fate tomorrow? Says who?)

I pleaded with Jill to get her answers from the Department of Public Safety – it's their budget, after all – but all we saw was the union guy on the screen. If the acting commissioner and/or others are not commenting, then please say so. Don't leave the impression that the governor's office is stonewalling. This has nothing to do with us.

And it sure would be nice to know where all of this is coming from. Jill cited no sources for these alleged budget cuts.

I would like a response, please.

—Bill

Dear Governor,

Just checking in to see how are you doing, how is the newly born doing and to let you know I am plowing along with the promo. The stuff I got with you is great, quality, really looking good. thank you again for your time and patience. My problem actually is how in the world can I create a short promo with so much meaningful material. good problems to have, I guess...

I will keep you informed as I move along. and...we had our own little addition: happy to let you know that a new "Frank" baby-boy joined us Saturday, 3.5 Kg (7.12 Lb.), 20 inches, looks beautiful, like his mom, who is recovering from the C-section in the hospital. She is fine, just exhausted and enduring pain from the 'cutting'. The very proud father is also fine, no real pain...

lots of good health and wishes to you, Todd and all the off springs...

All the best,
